Layton, UTAH — ago 2022 - dez 2022
United States

PROFESSIONAL EXPERIENCE

Software Development Intern — apr 2024 - present
Espectro LTDA, Campinas

Played a key role in the software development lifecycle, focusing on both front-end and back-end.

Key achievements include:
- Participated in the development and maintenance of the company's software presentation website, using technologies such as React, JavaScript, HTML, and CSS.
- Ensured the website's responsiveness across different devices and browsers, providing a consistent and pleasant experience for visitors.
- Successfully implemented new features, resulting in measurable improvements in user experience.
- Contributed to writing clean, efficient, and well-documented code.
- Assisted in the deployment and monitoring of web applications, ensuring their stability and ongoing performance.

This experience solidified my understanding of modern web development practices and enhanced my skills in creating responsive and dynamic web applications.
